

CHAIN SLOTS

Our chain slots are strategically integrated into the main frame. Perfect for quick tie-downs. Ideal for pulling radiator supports, rear body panels and much more.

HAND HELD REMOTE CONTROL

Operate the Chisum Bronco XL effortlessly by the push of a button with our electric-hydraulic remote control.

DUAL HYDRAULICS LIFT RAMS

Lift Capacity of 7,800 lbs. Strong enough to handle most unibody and full size pick up trucks, vans and suvs.

PULL TOWER

Chisum uses OTC Time Tested Hydraulic Pumps and Rams that offers an impressive 10 tons of pulling power. Capable of performing low, down, and high pulls, along with a true 360-degree pulling radius. Additional pull towers are also available.

GREASE FITTINGS

Chisum uses 10 industrial grade, high-quality, brass grease fittings to ensure longevity.
